Leadership - Week 3

3 KEYS TO SUCCESS

Belief - Focus - Commitment

Leadership is communicating to people their worth and potential for greatness so clearly, so consistently, and so powerfully, that they come to see it in themselves.

Success comes from three things:

BELIEF

When someone is successful, it is usually because somebody encouraged the belief that they could do it. That person may be a parent, a teacher or even their karate instructor. You can be that person that changes someone's life.

As leaders, we believe in the worth and potential of our students, and we never give up on them.

FOCUS

It is our responsibility to give students a challenge each time they come to class, where if they focus and they do their best they WILL be successful.

As leaders, our focus is to help our students learn, sweat and smile as they achieve their goals.

COMMITMENT

Achieving success takes commitment, and commitment is one of the key ingredients to a successful life.

As leaders, it is our commitment to help each of our students become a black belt.
