PRAISING ALPHABET

The 'Praising Alphabet' is our vocabulary of positive, encouraging words and phrases that we use to praise and encourage our students.

Many people are in the negative habit of putting others down. As leaders, we don't have to be like that. The habit of using positive words gives us the power to be a more positive influence and change someone's life.

We can all think of someone who is positive, supportive, encouraging, who makes us feel good whenever they are around. We can also be that person for our students and for others. And it all starts with the words we habitually use.

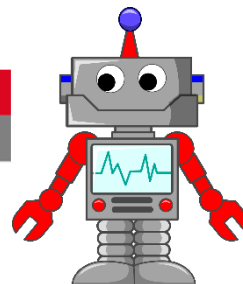

Develop a wide vocabulary of positive things to say. Practice them so they become second nature, a POSITIVE habit.

EXTRA CREDIT! Try thinking of a praise word or phrase for every letter of the alphabet!

When you catch someone doing something right, you will have the words to genuinely praise them for their efforts or their accomplishment.

BECOME A PRAISING MACHINE

Become a praising machine. Be able to move through the entire class and SINCERELY tell each student something they did very well.
